## Marriages at Claypole,

1538 to 1837.

NOTE.—This is an exceptionally complete and perfect Register, not only as regards condition and legibility, but because the entries are continuous from the date when Registers were ordered in 1538, down to the present day, with neither a mutilated leaf, nor a break during or following the Civil War, to mar their continuity.

Vols I and II are bound in the same cover, the first consisting of 71 leaves of parchment, measuring 13 by 6 inches, and containing entries from 1538 to 1704; and the second of 26 leaves, 13½ by 7¼ inches, containing Marriages from 1705 to 1753. Vols III and IV, containing the Marriages from 1754 to 1812 and from 1813 to 1837 respectively, are of the usual type.

The Rectory of Claypole was formerly in two Medieties, which explains the occurrence of the expressions "North" and "South" Claypole in the Registers.

These abstracts of Marriages have been made by Mr. T. M. Blagg, from 1538 to 1753, and by the Rector, the Rev. F. Hamilton, by whose permission all are now printed, for the period 1754 to 1837.
